Life Threatening Conditions

Washington State law, RCW 28A.210.320, requires students with life-threatening conditions to have a completed packet of information, as described below in the third paragraph, on file **prior to attending school**.

Under the law, a "life-threatening condition" means a health condition that will put the child in danger of death during the school day if a medication or treatment plan and a nursing care plan are not in place. **Life-threatening conditions** include:

_____ Asthma

_____ Exercise Induced _____ Mild _____ Moderate _____ Severe

Within the past year has your child been:

_____ Nebulized _____ Hospitalized _____ Given oral steroids

If any of the above have been checked, Asthma is considered a life-threatening condition.

_____ Diabetes

_____ Heart Condition (considered serious by physician; physical activity limited)

_____ Allergic Reactions that result in anaphylactic shock

_____ Bee Sting

_____ Peanut

_____ Other _____

_____ Hemophilia or other serious blood disorder

_____ Other-list any other condition not listed above that falls into the life-threatening category

If you have checked one of the above conditions, please contact your child's school for an emergency response packet that you and your physician will complete and return. This Packet should include a physician's authorization to administer prescribed medication, a treatment plan, an emergency care plan, and any supplies/equipment necessary to carry out treatment and emergency plans. This information will enable us to develop a nursing care plan, which will be kept on file at school.

If a medication or treatment order and supplies/equipment are not provided, **the principal of the school is required to exclude the child** until such order has been provided. This requirement applies to student who are new to the district, and students who are already enrolled. Our exclusion procedures are in accordance with the rules (WACS) of the State Board of Education.

If your child develops a life-threatening condition during the year, it is vital to your child's safety that you immediately notify your child's school principal or nurse. The necessary forms will be provided and a time will be arranged for you to meet with your child's school nurse.

I certify that I have read the above information.

_____ **My child does not have a life-threatening condition.**

_____ **My child has a life-threatening condition (as noted above).**

Child's Name _____

Parent/Guardian Signature _____

Date _____

Finley School District is committed to providing equal opportunities for all persons without regard to sex, race, creed, religion, or ethnic background in its educational programs, activities, policies, and employment practices. Inquiries regarding compliance procedures may be directed to the school district's Title IX Officer and/or Section 504/ADA Coordinator, 224606 E Game Farm Rd, Kennewick WA 99337.
